Gas Assist System Capital Lease Plan Announcement

NitroJection is pleased to offer, through a cooperative arrangement with General Funding Corporation of Grosse Pointe Woods, MI, flexible capital lease options for NitroJection's premier line of gas assist processing systems. Capital leasing provides the opportunity for injection molders to introduce or expand gas assist molding capabilities in their operations *without* substantial initial investment costs. Our lease option allows the molder to enjoy the benefits of *reduced costs, improved competitiveness immediately!*

NitroJection's NPU Series Gas Systems include all features available *anywhere* in the industry, and is the industry's *only* gas assist system fully patented for its technology and system configuration.

Monthly Capital Lease Payment Examples

 <p>Full state-of-the-art gas assist processing to reduce molding costs and expand business options for not more than - <u>\$12.23 per hour!</u> *</p> <p>(Based upon 4-V system, 24-month term, <u>running only one shift!</u>)</p> <p>Increased profitability for <i>less</i> cost than a new employee!</p>	<p>Single, Two and Four Valve Profile Options Patented & License Free - Over 30 U.S. and foreign patents 10,000 PSI Peak Injection Pressures Programmable 7 Stage Pressure Profiles Digital Pressure Ramping between Stages, PSI per Second Real Time Trend Graphing · Process Menu Storage Intuitive Operator Touch Screen Interface · Compact, Portable</p> <p>Included and <i>standard</i>:</p> <ul style="list-style-type: none"> ✓ Auxiliary Process Outputs (110 V) control valve gates or evacuation well cylinders ✓ Multiple Setup Control – run 2 gas setups side by side ✓ Auto-purge Injector Cleaning 															
	<table border="1"> <thead> <tr> <th colspan="2">NPU-2V (2) valve Nitrojection Processing Unit</th> <th colspan="2">NSU-4V (4) valve Nitrojection Processing Unit</th> </tr> </thead> <tbody> <tr> <td>24 month term</td> <td>\$1,803.46</td> <td>24 month term</td> <td>\$2,038.96 *</td> </tr> <tr> <td>36 month term</td> <td>\$1,252.08</td> <td>36 month term</td> <td>\$1,415.58</td> </tr> <tr> <td>48 month term</td> <td>\$980.82</td> <td>48 month term</td> <td>\$1,108.22</td> </tr> </tbody> </table>	NPU-2V (2) valve Nitrojection Processing Unit		NSU-4V (4) valve Nitrojection Processing Unit		24 month term	\$1,803.46	24 month term	\$2,038.96 *	36 month term	\$1,252.08	36 month term	\$1,415.58	48 month term	\$980.82	48 month term
NPU-2V (2) valve Nitrojection Processing Unit		NSU-4V (4) valve Nitrojection Processing Unit														
24 month term	\$1,803.46	24 month term	\$2,038.96 *													
36 month term	\$1,252.08	36 month term	\$1,415.58													
48 month term	\$980.82	48 month term	\$1,108.22													

The examples above are approximate monthly costs only and are not to be interpreted as firm proposals. The actual lease program is implemented between the molder and General Funding Corporation, but the technology partnership with NitroJection is the same as with a direct purchase.

Reduce cycle times, electrical consumption and machine size requirements by up to 40% while improving product quality! Improve your *competitive position* while becoming a *preferred molder* to your customers.
